INFORMAL COMMUNICATION

Assistant Commissioner for Patents
Washington, D.C. 20231

Dear Sir:

In response to the Office Action mailed 11 April 2000, please consider
the following Amendment:

In the claims:

1. (Trice Amended) In an air-conditioned switchgear cabinet
having a plurality of wall elements and at least one cabinet door, and an air-
conditioner integrated in the cabinet door, the improvement comprising:

the cabinet door (30) having a trapezoidal cross-section designed as a
tub-shaped housing for receiving a plurality of air-conditioner components (23, 24,
25) and ^{defining} delimiting a receptacle space directly adjoining an interior of a rack (10) in
which the air-conditioner components (23, 24, 25) are supported by the receptacle
space and connected and wired with each other entirely within the receptacle space
for retrofitting the cabinet door (30) with the rack (10) separate from the interior of
the rack (10);
